

# SLIM SHAKER DOOR

## FRAME WIDTH OPTIONS

- Minimum frame width:  
1" Front (1 3/4" Back)
- Recommended frame width using CLIP top hinge:  
1 1/8" Front (1 7/8" Back)

*NOTE: You can still use CLIP top hinges when ordering a 1" frame, but the CLIP will hang over by approximately 1/8" on the back inside of the frame.*

## MEASUREMENTS

- Door thickness:  
~7/8" (22mm)
- Distance from the face of frame, to face of panel:  
3/16" (~5mm)
- Frame allows for standard hinge pocket hole drilling depth

## TO ORDER

Please use frame profile "narrow shaker" and specify what width of frame you would like on the face side.

1" (leaves 1 3/4" of frame in the back)

1 1/8" (leaves 1 7/8" of frame in the back)
